Fullstack Web Developer

Motivated Full Stack Web Developer with proven expertise in front-end and back-end development, delivering scalable, high-quality web applications that drive results. Skilled in ASP.NET Core, React.js, and modern databases, I create solutions that improve efficiency, usability, and performance. Passionate about writing clean, maintainable code and collaborating with teams to deliver reliable software. Eager to contribute to meaningful projects in a collaborative environment, with openness to global opportunities and remote work.

Skills

- **Programming Languages & Querying** : C#, JavaScript (ES6+)
- **Frameworks & Libraries**: ASP.NET Core, Entity Framework, React.js, Node.js
- **Databases**: SQL Server, PostgreSQL, LINQ
- **Architecture & Design Patterns**: Clean Architecture, Repository Pattern, Dependency Injection
- **APIs** : RESTful APIs
- **Front-End Development**: HTML, CSS, Tailwind CSS, Bootstrap, jQuery
- **DevOps & Tools**: Git, Figma
- **Other Skills**: Clean Code Practices, OOP, SOLID Principles, Asynchronous Operations, Agile Methodologies, Responsive Design, Debugging & Performance Optimization, Problem-Solving, Team Collaboration, Technical Documentation

Experience

Full Stack Developer, Freelance

Apr 2024 – Present

- Develop and maintain scalable web applications using React.js, .NET Core, and PostgreSQL
- Design and optimized modular, reusable frontend components for improved scalability
- Enhance backend services for performance and reliability

Back End Developer, MRS

Dec 2024 – Apr 2025, Hamedan, Iran, Full time

- Developed and maintained scalable web applications using ASP.NET Core, improving system efficiency
- Designed and optimized RESTful APIs and database queries
- Worked in an agile environment, ensuring timely delivery of features.

Software Support Engineer, Sayan

Jan 2023 – Apr 2024, Hamedan, Iran – Full time

- Troubleshoot and resolved complex database issues in hospital information systems
- Optimized SQL Server queries, stored procedures, and views for improved performance
- Developed and maintained Crystal Reports, ensuring accurate hospital management reporting

Full Stack Web Developer, JUMP

Jul 2021 – Jan 2023, Hamedan, Iran – Full time

- Developing web applications using ASP.NET MVC, jQuery, and Bootstrap
- Contributed to frontend and backend development, improving functionality and usability
- Collaborated in troubleshooting and optimizing code to enhance user experience and system performance

Education

Bachelor's degree, Computer Science

University of Isfahan, Iran

Sep 2016 – Jun 2021
